AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

This is in response to the Office Action mailed August 2, 2000, Paper #4. Please amend the application as follows:

IN THE ABSTRACT:

Amend the abstract as follows:

A method for [assembling] mounting interior vehicle trim parts [including panels and components] in which two trim parts are [disposed] supported adjacent one another and in which a bead of buffer material is disposed between mating surfaces of the two trim parts. The bead is included to reduce noises such as buzzes, squeaks and rattles produced by contact and relative motion between the first and second trim parts at their mating surfaces. The bead is mechanically locked into a
